

From tailored transportation management to analysis, reporting, and invoicing, Phalanx Logistics is committed to providing impactful solutions while we assist Landmark Plastic in effective cost management without sacrificing service.

Through our "Driven for You, Fueled by Us" initiative, we deliver heightened accessibility, visibility, and confidence in all transportation options, ensuring that freight never stops moving for Landmark.

Our Proposal

- We're proud to have secured the most aggressive pricing agreements, and contract review schedules, so we can offer low prices without excessive rate changes throughout the year
- Quarterly, Semi-Annual, and Annual volumebased rebate plans are available (based on paid invoices), enabling additional savings than those listed in the graph
- Every invoice is itemized, and assessorial fees are contractually outlined, never including an "Other" category. Invoices are thoroughly audited, working to guarantee accuracy, prior to submission to Landmark.

2019 Spend VS. Phalanx Performance

2019 Spend	Est. Phal Spend	Savings	VAR
\$1,137,093	\$1,074,882	\$62,210	-5.47%

Guardians of Freight

Phalanx Logistics aims to become an extension of your logistics department. Every shipment has an integrated FireTeam of dedicated individuals monitoring transportation from tender to invoice to become the guardian of each transaction.

Landmark's dedicated FireTeam will be a single source for all dynamics of execution while providing seamless service, communication, and reporting with one phone number, one email, and 24/7/365 support.
