

# NPK

Tailored transportation management – execution, analysis, reporting, invoicing – Phalanx Logistics Solutions is committed to providing impactful, service-focused assistance to NPK through effective supply chain and cost management.

Through our "Driven for You, Fueled by Us" initiative, Phalanx Logistics Solutions executes at the cross-section of customer, carrier, and receiver while acting as the guardian of supply chain execution for NPK.

## Guardians of Freight

Phalanx Logistics aims to become an extension of your logistics department. Our FireTeams are driven to offer superior logistics solutions monitoring transportation from tender to invoice.

NPK's dedicated FireTeam will be a single source for all dynamics of execution while providing seamless service, communication, and reporting with one phone number, one email, and 24/7/365 support.
