Sat, July 20, 10am - 5pm

activities included with Aquarium admission

Join the Aquarium and its dive team for International Women's Dive Day, a commemoration created to celebrate female divers and to cultivate a more diverse, active and engaged dive community.

Dive Safety Coordinator Halle Minshall hopes more people consider becoming involved in a sport she feels has been helpful in many aspects of her life. "Learning to dive builds confidence both in the water and out," says Minshall. "You also get a peek at 70% of the planet that most people never see."

Dive into the day with **SCUBA-themed make-and-take crafts, games, activities** and multiple opportunities to **meet Aquarium dive team members** during underwater talks at **11am, 1:30pm and 3:45pm** and at an Aquarium information table.
